Hello,

Hope you are safe & doing well.

We would like to Thank you for your application for the **Full Stack Developer** role
at **Richpanel.** We are excited to get to know you more during the interview process.

In this round, you'll have to make a small web app. This round is the most important one
& it is **the main selection criteria,** So give it your best shot!

Timeline
You'll have **24 hours** to submit this assignment from the time you receive this email.(slight
extension can be provided).

Assignment details:
We'd like you to build a Facebook Helpdesk. This app will allow clients to connect their
Facebook accounts, fetch comments and reply to them from your application.

View the assignment details here - Richpanel - FB Assessment

Next steps :
1) Acknowledge this email. Send an email to me - adding your name in the subject line
(pooja@richpanel.com) saying you have received the assignment and would like to proceed
with the round.
2) Complete the web app, host the app to a host of your choice (AWS/Heroku/Google Cloud)
and send the link to the app on pooja@richpanel.com
3) While submitting, kindly share : (**MANDATORY submission requirements**)

- **App URL**
- **Github URL**
- **Video**
- **Mention whether the Application is working to the specifications : (**Not working /
  Somewhat working/ Completely working)
